ADJUDICATOR'S REPORT

Perfect introduction; chimes are played just right.
Balance is very good in the choical style sections.
Pay attention at how you are ending the phrases.
Good job French horns! Intonation issue on the V&H
last note but quite good overall. Good clarinet
Solo, very musical. Be more AWARE of strong beats.
Keep working on tempo changes. I could use more
percussion. Way more accents please. Don't try so hard
to play perfectly, go more by feeling after you
learned the part and the time and groove will
just get better. Listen to the piano and clarinet.
Way to go trumpet, all soloists are shining.
